

Agenda steering group meeting May 2018, Ghent

- Content and timing of the first monitoring report:
In July we're planning a first monitoring report. We will give a proposal on the content and timing of the report and want to discuss this with you.
- Follow-up of the desk research (WP 2):
During the TOT we will present the first results of the desk research. As this is work-in-progress, we need to agree on the next steps and tasks to be done by each partner.
- Follow-up of project communication and dissemination (WP 7):
Follow-up of the actions on communication (cfr. Minutes meeting Lisbon) and make arrangements on next steps.
- Other questions / concerns regarding the project implementation or administration
→ if you have questions or concerns linked to the project implementation or administration in the next months, we can discuss them here. I will collect questions/concerns throughout the TOT.
